August 30, 1934

To All Regional Committee Chairmen:

A request for a report of personnel as of August 1, 1934 is being forwarded to all registered dealers and assenting dealers who have not registered. The purpose of the report is to give to the Finance Committee necessary data from which to prepare and place before the Code Committee budget estimates for the period from July 31, 1934 to December 31, 1934.

The Washington office was established April 22, 1934. From such period the work has been largely concentrated on organization, financing and registration. The registration list as of this date amounts to 2,754. Registration now being largely completed the work from this period will be principally in connection with enforcement, with respect to which the work and co-operation of the Regional Committees will be highly essential to the effective and economical operation of the Code and concerning which you will hereafter be advised.

Copies of this letter are being sent to members of your Regional Committee.

Rollin A. Wilbur
Managing Director
